

Summary

Money Matters: Why Do You Need Money?

You need money to help run the group well.
But you don't need money for everything you want to do.

You can get money:

- from your members
- by organizing fundraising events
- by asking for a grant from an organization

Every group needs a Treasurer to look at the money. It should be someone who likes doing arithmetic and who can add and subtract money.

There are two main ways of looking after money:

- in a petty cash tin (for small amounts of money)
- in a bank or building society (for large amounts of money)

It is a good idea to have a rule that two people must sign each cheque when money is withdrawn from the bank or building society.

REMEMBER — don't spend all your time worrying about money! Have some fun too!

Summary

What Do Self Advocates Do?

Self advocates are people who want to speak up for themselves.

Self advocacy can be something you do in groups or on your own.

Self advocates are involved in all sorts of activities such as:

- talking
- talking, leading to action
- learning new skills
- having social activities
